**THE GAME** You are the hunter and the hunted as you stalk your opponents around the combat zone of the future. Atmospheric and fun, the LASER FIGHTERS brand new arena is a battle-ravaged city of strange lights, sounds and special effects that will sharpen your senses as you creep around fog-filled corridors, ramps, elevations and even a tube-slide in search of your enemies. Your 'phaser' gun not only fires a visually stunning but harmless laser beam but also emits exciting sounds, lights and vibrations (for when you've been hit) - it will even talk to you! Check your progress on the LED panel too. Dare you enter creepy corridors or the darkness of the tube-slide? Will you find the targets? Can you avoid the mines? Who will get the top score? There's only one way to find out!

Each game is a ten-minute session with a ten-minute break between.

*Shoes or trainers MUST be worn - NO SANDALS OR FLIP FLOPS PLEASE!*

***Please note non-toxic smoke and strobe lighting special effects are normally in use.***

*For reassurance and safety reasons all games are CCTV recorded, monitored and displayed in the reception area*

### PRICES

**£4.50 per person for the first game and just £3.00 thereafter.** No need to book, just arrive and play but please ring first to see how busy we are. Ask about large group discounts.

**PARTIES! £10 per person. Minimum of ten players. Must be pre-booked with a £3 deposit per person (minimum £50). Allow two hours from arrival.**

Guests are entitled to three games and exclusive use of the arena and party area - bring your own food if you wish to (don't forget the cake!) or a hot/cold buffet (chicken nuggets, drumsticks, sandwiches, crisps etc.) can be supplied from just £4 per person. Ask for our menu. A typical party format is as follows:

Arrival - players names are taken and entered into the gun they will be using throughout their visit. A table will be made available for your exclusive use which can be decorated by the party organiser beforehand if required. Players are given a few moments to acquaint themselves with their surroundings before being taken into the phaser-gun room for a full safety and rules briefing. The first game will then begin. This will be followed by a ten-minute break before the next game - time to eat and argue over the scores! (each player will be given their own score sheet at the end of each game with details of how many shots they fired, who they hit, who hit them, etc.) This pattern will be repeated until all the booked games have been played. Depart when you are ready - we allow plenty of time between parties so there's no need to rush.
